

## HAZARD INFORMATION FOR TEACHERS BRIDGENESS: REPLICA DISTANCE SLAB

A replica of this famous distance slab can be seen on Harbour Road, Bo'ness, opposite the entrance to Bridgeness Crescent. On-street parking; plenty of room to assemble around the stone.

It is the responsibility of teachers and group leaders to complete a risk assessment prior to any site visit with a group. This is a requirement of most education authorities. The following information is intended as a preparatory tool and does not replace a teacher's or group leader's own risk assessment.

Please be aware that changes in weather may affect the risks inherent in an outdoor site. Pupils should dress for outdoors.

### POTENTIAL HAZARDS AT BRIDGENESS

#### PEDESTRIAN ACCESS TO SITE

- Harbour Road is not that busy, but there is no pavement and pupils should take care when approaching the slab.

#### EXTERNAL HAZARDS

- Low wall with short drop down to park beside slab – pupils should take care.
- Paving stones around the slab may become slippery in wet weather.
