

# HOW TO MAKE A CELTIC ARMLET FROM CARD

1. Print and cut out either the pre-coloured armlet design or the black and white one which you can colour in yourself. Stick it down onto a piece of thin card.
2. If you have chosen the one to colour in yourself, colour it in now.
3. Carefully cut around the edges of the armlet through the card.
4. Bend the armlet into a semi-circle and stick a small piece of sticky tape inside the two edges to hold it together. Now try it on and pretend to be a Celt!
